## DULUTH PEOPLE ARE INTERESTED IN BRAINERD

### N. P. RY. TRAINMEN BOOSTING FOR THE BIG CELEBRATION

RECEPTION COMMITTEE TO GREET VISITORS BEFORE AND DURING CONVENTION

MANY IMPROVEMENTS IN CITY WILL HAVE EFFECT OF DRESSING IT UP FOR HOMECOMING

A test in the value of publicity is whether people are talking about the thing advertised. Well, that scores 100 per cent with Brainerd's celebration.

The Duluth News Tribune Sunday had a three-quarter column story on Brainerd's home coming with a heading three inches high, and given prominent position and it set Duluth people to talking about Brainerd.

"I used to live in Brainerd," said Arthur T. Wilkins, brakeman on the afternoon passenger train arriving here at 2:10 p. m. from Staples. "My father, Archie Wilkins, lives in Staples now. He came to Brainerd from New York with four other brothers. I think he'd be glad to come to Brainerd for the home coming."

"Other Brainerd settlers at Staples are Pete Farley and Barney McGivern."

Just then Conductor John McNaughton, who lives at 18 Chatham Flats, Duluth, stepped up.

"My first trip to Brainerd," said John, "was when I was a kid in 1877 and I went to school here. There was no railway line between Brainerd and Minneapolis and we came by way of Carlton or N. P. Junction as it was then called."

**Looked Up History**  
H. A. Brainerd, a business man of Detroit, Minn., was in the city attending to business matters and he became interested in the home coming and got some data as to where the town got its name from.

"I think I'll be at the home coming. I never lived in Brainerd, but I'm carrying the name of a good town," said Mr. Brainerd.

**Saw Indians Hung**  
Conductor E. J. Quinn asked that an invitation to attend the home coming be sent to Fred Roskoff of Owatonna. Roskoff is so well acquainted with early history of Brainerd that he remembers vividly when the Indians were hung near the Last Turn Saloon.

**Reception Committee**  
The reception committee, said Chairman A. J. Halsted, is one which will function several days before the official opening as many people will come to Brainerd before July 3. It will be on duty all the week, acting as a source of information to the visitors. Committeemen will wear badges. Not all the visitors will arrive the first day, for there will be a continual stream arriving for the special days.

**Parade Growing**  
One of the new things for the pageant parade is to be a float portraying dress of half a century ago. Four ladies and gentlemen will be so attired and will sing songs of 50 years ago.

Every merchant is urged to enter the parade with a float and to get in touch with Carl J. Wright, chairman of parade.

People are requested to send in names of old lumberjacks, so designating them, to the Chamber of Commerce that they may be grouped and given a place of honor in the parade on the Fourth.

**Acknowledges Receipt Invitation**

Invitations to attend the Brainerd home coming are promptly sent out when the Chamber is supplied with names and addresses and in many cases acknowledgements are received. Sometimes the party cannot come, as witness the letter from G. T. Pettibone, of Pettibone Lodge, Shoreham, Minn. He writes:

"Today I received your cordial invitation to attend the Fiftieth Anniversary and Home Coming Week in Brainerd. I certainly appreciate the invitation and would be glad to go, but this being my busy season, as I

### EIGHT U. S. SAILORS OF THE CRUISER NEW ORLEANS DROWNED

(By United Press.)  
Washington, June 8.—Eight sailors from the U. S. S. New Orleans are missing and are believed drowned near Amurday, Russia, according to a wireless message received today by the navy department.

The dispatch under date of June 6, follows:

"Motor sailor with eight men of sailing party missing. Last seen off Sandy Point, Amurday, 1:30, June 4. Can find no trace after two days search of Amurday and shore line. Believe sailor capsized in a sudden squall."

### STRIKE TALK DOES NOT COME FROM MEN SAY R. R. OFFICIALS

(By United Press.)  
Chicago, June 8.—Talk of railroad strike does not come from the rank and file of employees, but union leaders, executives of eastern railroads said in a statement here. The executives said their men had expected the \$110,000,000 wage cut ordered by the United States railroad labor board.

### Vote Will Show

Cincinnati, June 8.—The vote of the railroad workers on the strike question may be the only answer of railroad union chiefs to the statement of six railroad executives issued in Chicago.

B. M. Jewell, head of the railroad employees department of the American Federation of Labor, said here today he would make no reply to the executives' statement for the present.

### ARMY FACES NEW CUT OF 10,000 MEN

HOUSE AND SENATE ACTION ON APPROPRIATION BILL WILL MEAN REDUCTION

Washington, June 8.—The war department again faces the necessity of reorganizing its fighting units on a more skeletonized peace basis even before it has completed skeletonization required by last year's reduction to an authorized strength of 150,000 men. The necessity arises from action of the house and senate on the pending army appropriation bill now in conference. The maximum possible strength to be provided means a cut of at least 10,000 men in the authorized strength of the army and probably a compromise between the senate and the house on a cut of 15,000.

While Secretary of War J. W. Weeks and high officers of the army have been chiefly concerned with preventing a congressional raid on the officers' corps and on provisions for the officers' reserve corps training, national guard and other vital elements of the new military policy, Mr. Weeks recently said that a reduction in the regular army enlisted force of several thousand men would necessarily require readjustment of the size of the peacetime units.

The situation makes it obvious that in absorbing the additional cut of 10,000 or 15,000 men which is to come, it is the fighting units, the infantry, that will suffer most. Already plans are taking shape to reduce the strength of regiments for peace purposes to below what it was in the old days before the European war. That will mean that in the event of a war emergency the army would have to absorb and train 60 per cent raw recruits in order to make its existing fighting units fit for battle.

am in the summer resort business, it is impossible for me to accept."

"I was born in Brainerd July 19, 1873. Moved away from there when only a youngster. My people came to Brainerd by stage from St. Cloud." "Thanking you and wishing you every success possible, and a happy reunion, I remain yours very truly, G. T. Pettibone."

### J. WELLS BRINTON, TOWNLEY'S EX-SEC'Y, TAKES NELSON CURE

HAS LIABILITIES TOTALING OVER QUARTER MILLION AND \$15,555 ASSETS

MOST OF LIABILITIES IS NOTES BRINTON ENDORSED FOR TOWNLEY AND OTHERS

(By United Press.)  
St. Paul, June 8.—With liabilities totaling \$250,066.27 and assets of only \$815.85, J. Wells Brinton, former secretary to A. C. Townley, today filed petition of involuntary bankruptcy with the United States district court.

Almost all of the quarter million dollars as liabilities is composed of notes which Mr. Brinton endorsed. A large number of the notes were endorsed for A. C. Townley, former president of the Nonpartisan league, and for the Sinal Trust company, of Miami, Fla., of which Townley was president.

More than \$40,000 in notes endorsed by Brinton were held by North Dakota banks, he said. He disclaimed knowledge of the holders of the notes totaling \$144,000.

Arthur LeSueur, St. Paul attorney, also a former Nonpartisan league leader, acted as attorney for Brinton. Both Brinton and LeSueur split with Townley a long time ago, and have been fighting the league for more than two years.

Notes endorsed by the Publishers' National Service bureau, of Fargo, and A. C. Townley, total about \$100,000, Brinton said.

Among the holders of the notes and the amounts are:

First National bank, Bismarck, \$2,700 for the Farmer Press; Miami Bank and Trust company, Miami, Fla., \$5,000 for the Sinal Trust company and A. C. Townley; First National bank, Bismarck, \$21,000 for the same; Lefor National bank, Lefor, N. D., \$3,000 for the same, and the Farmers State bank, of Dickinson, N. D., \$1,000, for the same.

### 37 KU KLUX KLAN MEMBERS INDICTED AT LOS ANGELES

(By United Press.)  
Los Angeles, June 8.—Thirty-seven alleged members of the Ku Klux Klan or their legal representatives were expected to surrender themselves to authorities as a result of indictments voted by the county grand jury following a month of investigations.

No warrants were issued, as word had been sent the county prosecutor's office that the indicted men would surrender or would send their legal representatives to act for them.

The indictments all charged kidnapping, false imprisonment and assault to commit murder in connection with the night raid nearly two months ago on the Fidel El Dunyan home at Inglewood, near here.

One man was killed in the raid.

### MINNEAPOLIS FIREMAN INJURED IN \$100,000 BLAZE EARLY TODAY

(By United Press.)  
Minneapolis, June 8.—One fireman, James Rydell, was seriously burned and damage estimated at \$100,000 was done early today when fire gutted two floors of a four story building at 822 Third Ave. S. The building was erected two years ago and housed a paint store and fur shop.

### COMMUNISTS RIOT IN BELGRADE ON KING'S WEDDING DAY

Belgrade, June 8.—Serbian mounted police today crushed a riot of communists which caused grave alarm and wild rumors throughout Belgrade on the morning of the wedding of King Alexander II to Princess Marie of Roumania. Fifty communists were arrested and additional guards were thrown around the royal palace.

### GIRL CASHIER HELD UP AND ROBBED OF \$4,000 IN CLEVELAND

Cleveland, June 8.—Miss Bessie Gore, cashier of the Wepper & Well Coffee company, was held up and robbed of \$4,000 here today. The bandits escaped.

### BRITISH TROOPS CAPTURE FORT IN IRISH FREE STATE

AIRPLANES, HOWITZERS AND ARMY CARS WERE USED BY ADVANCING BRITISH

(By United Press.)  
London, June 8.—British troops captured Belleek today, according to an announcement from Belfast.

Airplanes, howitzers and army cars were used by the British in advancing upon and capture of the border town, according to Dublin advices which described the defense as Free State troops.

The Dublin dispatch said the attack involved a large scale. The defense fired upon the advancing British, whereupon the British artillery opened fire, shelling Belleek fort, which is on the Free State side of the border.

### Rebels Well Armed

Belfast, June 8.—Thousands of republican rebels concentrated at Raphoe are armed with latest type American rifles, it was reported here today.

Bombings and burnings of business places continued. There was extensive looting along with incendiary fires.

### HEADS OF BIG OIL COMPANIES WILL BE CALLED TO TESTIFY

BEFORE SENATE COMMITTEE INVESTIGATING GAS PRICES, LA FOLLETTE ANNOUNCES

(By United Press.)  
Washington, June 8.—Representatives of the large oil companies will be summoned to appear before the senate manufacturers committee next week in its probe of high gasoline prices, Senator La Follette, chairman, indicated today.

The committee might go over reports from the federal trade commission and the geological survey which have turned in to La Follette detailed accounts of gasoline production and consumption during the past few years. The Wisconsin senator, who is leading the fight against recent advances in gasoline prices and the leasing of government oil lands to private interests, had the investigation well underway today.

La Follette was expected to name late today a sub-committee of five senators picked from the manufacturers committee to conduct the inquiry.

### Burns Conducts Investigation

Washington, June 8.—William J. Burns, chief of the secret service of the department of justice, has been placed in personal charge of the gasoline price investigation, Attorney General Daugherty announced today.

Burns has already received many reports from all parts of the country. An exhaustive investigation will be made to determine whether a "gentlemen's agreement" exists among the big oil companies to profit at the expense of increasing demands, Daugherty said.

### ADMIRAL KATO MAY BE NEW JAP PREMIER

Tokio, June 8.—Admiral Kato, who played an important part in the Washington arms limitation conference, today was considered as the man most likely to be named as the new Japanese premier.

In case he is elected, it was believed that former Ambassador Shidhara would be named foreign minister.

As yet no definite announcement has been made, however, as to who will form the new government to succeed the Takahashi ministry, which resigned early in the week.

### Two Girl Bootleggers Begin Serving Terms

Webster, S. D., June 8.—Ida and Susie Mork, confessed bootleggers, began serving sentence of 30 days in the county jail, imposed by District Judge Walton, who also fined them \$1,000 each. The two girls had been implicated with young men in the sale of liquor on other occasions, but had been let off with a court lecture while their male companions went to jail. Judge Walton decided the last offense necessitated more than conversation to cure the girls.

### Will Take Steps To Prevent Steel Merger If It Stops Competition

Washington, June 8.—If the department of justice finds that the Bethlehem-Jackson steel merger will tend to destroy competition, action will be taken to prevent consummation, Attorney General Daugherty announced today.

Daugherty will confer with Bethlehem officials here later in the day. He said his investigation into the merger is nearly complete.

### SERBIAN KING WEDS RUMANIAN PRINCESS

Belgrade, June 8.—With all the picturesque ceremony handed down by Serbian tradition, King Alexander II, ruler of Jugo Slavia, and Princess Marie, of Roumania, were married today in Belgrade cathedral.

### FORECAST OF WHEAT CROP SHOWS A GAIN OF 100,000,000 BUSHELS

(By United Press.)  
Washington, June 8.—The wheat crop this year will total \$55,000,000 bushels compared with 753,000,000 last year, the department of agriculture estimated today.

The forecast was made on estimates of 81.3 per cent of normal on June 1, this year. The condition on June 1 last year was 82 per cent.

### CHORUS GIRL IS BEATEN BY MALE CHORUS MEMBER

Minneapolis, June 8.—Cuts and bruises that testified to violence today bore out Ruth Jones' charges that she was "terribly beaten" by a male member of the "George White Scandals," now playing at the Metropolitan.

Ruth, a former follies girl, asks his arrest. She said she was arguing with another chorus girl in a roadhouse and the man attacked her.

### SHOOTS GIRL, AGED 20, THEN SHOOT HIMSELF

Atlantic City, N. J., June 8.—Lola Gibson, 20, was probably fatally wounded, and Benjamin Ball, New York was shot through the neck in a room at the Marshall hotel here early today.

The girl told the police Ball shot her without warning and then turned the revolver on himself.

### HOOVER RETURNS FIRE OF SENATORS

Washington, June 8.—Secretary Hoover today returned the fire of senators who have been threatening an investigation to see whether the bituminous coal operators "buncoed" him in the recent price fixing conference, and are now charging higher prices than ever.

### SOLDIER BONUS BILL REPORTED TO SENATE

G. O. P. MEMBERS OF FINANCE COMMITTEE BELIEVE BONUS CAN BE PAID WITHOUT TAXATION

Washington, June 8.—Belief that the cash necessary for the soldiers bonus bill will be obtained from interest payments on the allied debt to the United States was expressed by republican members in the senate finance committee today informally presenting the adjusted compensation measure to the senate.

The report accompanying the bill declared the:

Bonus can be paid during the next three years without additional taxation and that after the money can be obtained through reductions in government expenditures and payments on the foreign debt.

The action of Chairman McCumber in presenting the bill to the senate makes it possible for consideration of it to start at any time republican leaders desire. The total and eventual cost of the senate bill was estimated at \$2,845,000,000 with the statement that 4,458,199 persons who served in the military or naval forces during the war will receive its benefits.

### Consideration Blocked

Washington, June 8.—Senate consideration of the revised soldier bonus bill was blocked temporarily today.

Senator Williams, Mississippi, democrat, interposed an objection when Senator McCumber, chairman of the finance committee presented the report and asked unanimous consent that it be officially recognized by the senate.

Unanimous consent was required because the senate now is considering the tariff bill under previous agreement.

Williams gave no reason for his action, but McCumber announced he would again attempt to introduce the report later in the day.

### HENRY FORD IS NOT A CANDIDATE FOR THE PRESIDENCY

LOSE ASSOCIATES SAY HE WOULD NOT TURN HIS HAND OVER FOR NOMINATION

(By United Press.)  
Detroit, Mich., June 8.—Henry Ford is not a candidate for the presidency. He would not "turn his hand" to obtain the nomination, according to close associates here.

Ford, it is said, has but two interests today outside of his automobile business—Muscle Shoals and his plan for the reformation of the existing basis of money.

Ford's close friends declared he will certainly never be a candidate for the presidency or any political office if Mrs. Ford has any voice in the matter. Mrs. Ford is thoroughly opposed to her husband taking on any more activities that will unduly tax his time and strength.

The action of the people of Dearborn in forming a "Ford for president" club was a complete surprise to Ford. He has never recognized the club in any way.

### LABOR SHOULD MAKE AGGRESSIVE FIGHT IN FALL ELECTIONS

Cincinnati, June 8.—An impressive demonstration of organized labor's political power was in the making here today.

With all of labor's chosen leaders united on the fundamental idea that labor should make the most aggressive fight in its history in this year's congressional campaigns, the question most engaging their minds was the method by which the workers' political power could most effectively be asserted.

The desire and purpose of the leaders, which was greatly reflected by individual delegates to the American Federation of Labor convention, was summed up by William Johnson, president of the machinists union, who said:

"What we did in Iowa we will do in many other places. The nomination of Brookhart in Iowa was a clear-cut demonstration of labor's power, for it was accomplished by organized workers in co-operation with the farmers."

### Rail Brotherhoods Plan Bank in Minneapolis

Minneapolis, June 8.—Establishment of a national bank in the twin cities by members of the "Big Four" Railway Brotherhoods was announced in St. Paul yesterday. Plans provide for its service to railroad union members throughout the northwest.

### HEAT WAVE BROKEN BY HAIL AND RAIN

St. Paul, June 8.—Rain and hail broke the heat wave that has held this section for four days.

Temperatures up to 89 degrees were experienced.

High winds, bringing heavy rain and hail in spots, caused the temperature to drop ten to fifteen degrees. On the iron range a small tornado dropped a cottage off Isle of Pines into Lake Vermillion. Several other cottages were damaged.

### Tank on Rickenbacker's Plane Exploded, Injuring Two Mechanics

Detroit, Mich., June 8.—Two mechanics were seriously injured and nearly 100 spectators stunned by the explosion of the tank, being enlarged, on Captain Eddie Rickenbacker's cross-country airplane here today.

The explosion was caused by internal combustion when an attempt was made to solder two 40 gallon tanks to those already on the plane. Charles Barton and Norman McClellan, the injured, were burned and thrown ten feet to the ground.

## CAUSE and EFFECT

Chiropractic goes several links farther back in the chain of cause and effect. While the germ theorist stops at the susceptibility of the patient, the chiropractor says that the susceptibility is a result of a lack of vital power or mental impulses, due to pressure on a nerve caused by a misaligned vertebra; and that when the vertebra is adjusted, the normal powers will again flow over the nerve, the effected will again become normal and the disease germs and every other incidental effect will disappear.

## The Sign of SINGER SERVICE

SINGER SHOPS are local and readily available for your convenience as free schools of instruction in use of your machine, for supply of needles, oil, etc., and for expert hemstitching to order. The owner of a SINGER is assured of a service impossible to catalog houses, department stores or electrical dealers.

## The SINGER Portable Electric No. 99K-1

**Ask the Woman who owns one**

It has oscillating sewing hook mechanism with the round bobbin, similar to that of the well-known "Singer 66". A trial of its knee-lever control will quickly convince you as to its great convenience. Only a slight pressure against the knee-lever is necessary to start the machine and as you increase the pressure the machine gains speed. Any speed is readily obtained—from the slowest up to 800 stitches a minute. Think what the high speed of this machine means when you have a lot of sewing to do and want to finish it quickly. It costs little to operate—four hours of continuous sewing for one cent.

### PROF. PFLOCK IS CONDUCTOR

Compositions Ranged from Light Popular to Near Classical Compositions—Applause Frequent

The Brainerd Municipal band gave its first concert of the summer park season at Gregory park on Wednesday evening. Prof. Hugo Pflock conducting. The program was a well balanced one, with compositions of a light popular nature to those near-classical. Each number was greeted with applause.

Additions recently made to the band were noticeable and the orchestration is now the best in the band's history.

The band will be one of the features during Brainerd's 50th anniversary celebration and home coming, especially so on opening day when they will greet the many visitors arriving in the city.

## A. F. OF L. RECOMMENDS NATION-WIDE HOME BUILDING CAMPAIGN

(By United Press.) Cincinnati, June 8.—Inauguration of a nation-wide home building campaign as the surest way to restore stable conditions and prosperity, was recommended to the convention of the building trades department of the American Federation of Labor here today by President John H. Donlin.

Donlin also recommended creation of a national board headed by the secretary of commerce to help stimulate home building and to put the entire construction industry of the country on a better basis. He urged that a strike control board be set up within the organization with power over strike movements similar to the power of congress over the declaration of war.

## NEW ROTARY CONSTITUTION UNANIMOUSLY APPROVED

(By United Press.) Los Angeles, June 7.—With a new constitution drafted the 13th annual convention of the International Association of Rotary Clubs cleared the way to a wind-up of the meeting.

The constitution was unanimously approved.

During the morning and afternoon session today leading Rotarians from all parts of the world discussed the work, aims, and accomplishments of the organization.

## AUTO TAX DODGERS DUE FOR ATTENTION

Nine out of every ten car owners in the state have complied with the state license provisions but some still defy the law and have not secured their license. They are in for a jolt as this form of taxation is just as binding as your regular real estate tax. It just has to be paid. Those who have tarried because of forgetfulness or pure cussedness will be liable to court fines and costs plus the regular taxes, penalties and arrears. The state has men out in every nook and corner who are instructed to jail every violator of the license law.

### BRAINERD DISPATCH

One map to a person. None mailed. Good only as long as the supply lasts.

The Dispatch this week received from the Minnesota highway department a limited supply of state trunk highway maps for free distribution among its reader. Persons having use for map may procure one by filling out the above coupon and presenting it at this office.

The trunk route map, 17x21 inches, is printed on strong paper. It shows all the so-called Babcock roads with their official numbers corresponding to those on the yellow star markers along the routes. Also, paving, graveling and other improvements on each section are shown. A suggestion is made that the map be framed by hotel and garage keepers and other business houses with the weekly road condition bulletins published in daily newspapers. This will supply a complete trunk highway condition service at slight expense.

Charles M. Babcock, state highway commissioner, published the map as required by law. Newspapers volunteered to circulate them and the postage saving is being used for more maps to supply a larger number of highway users without increased expense to the state. The supply is limited, however, and coupons should be presented before it is exhausted.

## GRADUATION IN OAK LAWN SCHOOL

East Oak Lawn and West Oak Lawn Schools United in Graduation Exercises Tuesday

### REV. A. C. SMITH WAS SPEAKER

Diplomas Were Presented by Mrs. Irma Camp Hartley, County Superintendent of Schools

Graduation exercises of East Oak Lawn and West Oak Lawn schools at the latter school drew a large attendance Tuesday evening. Graduates of the East Oak Lawn school were Gladys Schon, Norma Calkins and Helen Larson. Of the West Oak Lawn school were Anna Borg, Hazel Avery and Wilfred Nubbe.

The commencement address was delivered by Rev. A. C. Smith, pastor of the First Baptist church of Brainerd. Both school gave programs.

Mrs. Irma Camp Hartley, county superintendent of schools, presented the diplomas and gave a very interesting address on education and the call for true service as made by education.

Mrs. Helen Erickson is teacher of the East Oak Lawn school and Mrs. Violet Loom teaches the West Oak Lawn school.

### Sandberg-Satter

The marriage of Oscar H. Sandberg and Amy E. Satter took place at the Swedish Baptist parsonage at 11 o'clock Wednesday. Rev. A. Paulson performed the ceremony. Mr. and Mrs. Alfred Satter were the witnesses.

The married couple will take a trip by motor to some points in this state and North Dakota after which they will make their home in Brainerd.

## PILLAGER-MOTLEY ROAD TO BE DESIGNATED, JULY

According to Engineer Moulster, there will be a meeting in July to settle the question of the state taking over the road from Pillager to Motley. This is a question of considerable concern to Cass county as the selection of this highway by the State Highway Commission would mean that the county would be reimbursed to about the sum of \$100,000. The commission will choose a road running west from Pillager and the choice must be between the Pillager-Motley road which is completed or cross the railroad at Pillager and go through Morrison county. If this course was followed it would mean the construction of a new road and also the crossing of a railroad which the highway department is using every precaution to avoid.

## OHIO CHURCH FEDERATION APPROVES SERMONS BY RADIO

(By United Press.) Columbus, Ohio, June 7.—The radio threatened to supplant the rural preacher in Ohio today.

Recommendations of Dr. Roy B. Guild, of New York City, that people in rural communities install radio receiving sets and listen weekly to sermons from ministers of a national reputation, were approved by the Ohio Church federation, in session here.

"Potentialities of such a plan are inspiring," Dr. Guild declared. "The smallest church could, at a moderate expense, receive every Sunday a brief but fine message from a great speaker. The cost of the radio set would be much less than the quarterly salary of a minister," Dr. Guild said.

## LABOR ORGANIZATIONS HELD LIABLE

THE UNITED STATES Supreme Court on Monday last rendered an important decision of much interest to all labor organizations. The court holds in this decision that labor organizations are not exempt from prosecution under the Sherman anti-trust law. The opinion was delivered in the celebrated Coronado coal case, one of the most important pieces of labor litigation ever to come before the nation's highest tribunal.

The decision was delivered by Chief Justice Taft, and the court held that labor organizations can be held liable for property and other damage caused by the acts of members during strikes. The case was brought against the United Mine Workers of America by the Coronado and other coal companies, arising out of the Arkansas strikes of 1914.

The Coronado case was one of the most famous proceedings to reach the Supreme Court within recent years, not only from the long period it remained on the docket, but from its importance, involving as it did the question of whether organized labor, as represented in the United Mine Workers of America, could be prosecuted under the Sherman anti-trust law for restraint of interstate commerce resulting from strikes.

The Coronado and associated coal companies instituted suit in the U. S. District Court against the United Mine Workers to recover treble damages under the Sherman act for property losses suffered by them during a strike in the Arkansas coal fields in 1914. The coal companies alleged that the Mine Workers had unlawfully conspired to suppress non-union competition, and that the destruction of the property had been resorted to, with attendant restraint of interstate commerce, to accomplish that end.

The decision of the court dismissing the suit was set aside by the U. S. Circuit Court of Appeals, and in the same court, on the second trial, before a different Federal judge, the jury found that the destruction of the mine property was due to a conspiracy to prevent the mining of coal by non-union labor, and had resulted in a restraint of interstate commerce. The jury placed actual damages at \$200,000, which were trebled by the court under the Sherman law, making the total amount \$600,000. The award, affirmed by the Circuit Court of Appeals was brought to the Supreme Court by the labor unions on the ground that not being incorporated, they could not be sued.

## EUGENICS AND SOCIAL PROBLEMS

THE MINNESOTA Commission on Social Legislation, at its meeting in St. Paul a few days ago, had under consideration amendments of the state marriage laws on eugenic and social lines similar to those which govern marriage laws in many other states, particularly in Wisconsin.

It is possible under our present system for contracting parties in a marriage to have the ceremony performed immediately after the license has been issued, and it is the purpose of the Commission to have the law so amended that a reasonable period would elapse between the time of the issuing of the license and the ceremony. This would be similar to the Wisconsin law, which does not permit the marriage ceremony until five days after the granting of the license.

It is said the Commission is also working on the drafting of a bill, which would create a family court in the state, similar to the Court of Domestic Relations in Chicago. Instead of juvenile cases, divorce and alimony suits, delinquency and adoption cases, being tried in separate courts, which often results in one family having cases in two, and sometimes three courts, the hearings would all be held in one court.

## PRESIDENT EXPECTED TO ADDRESS EDITORS

A TOUR of Montana, with a visit to the Yellowstone and Glacier National parks, has been arranged in connection with the 37th annual convention of the National Editorial Association, to be held at Missoula in July. The editors will participate in a celebration of the semi-centennial of the opening of the Yellowstone region to the public.

President Harding has been invited to address the convention. He is a member of the association and is expected to stop at Missoula during his trip to Alaska. The convention will be held July 19, 20 and 21, and the editors en route, after being entertained at the Twin Cities, will leave St. Paul for Montana the evening of July 10th.

THE CITY of Chicago, it is declared, at its present rate of growth, will pass Paris in population and become the third largest city in the world in 1924. This opinion is expressed by Frederick Rex, municipal reference librarian. Chicago is increasing its population at the rate of 4,385 a month, Mr. Rex said. At this rate it is estimated that the city will have 11,311 more residents than Paris in two years.

IT IS expected that the League of Nations, at its September session, will be called upon to consider the question of Germany's admission to membership in the League. The Council of the League, at its meeting in May, examined into the question and it is believed favors Germany's admission.

## Bids Opened for Construction Work

St. Paul, June 8.—Bids on construction work totalling \$1,600,000 were opened at the meeting of the Board of Regents of the University of Minnesota here today.

The bids are for work on the new library to cost \$1,500,000 and \$100,000 additional to the college of education.

The new music building costing about \$280,000 is nearly complete and will probably be ready for occupancy in August. The excavation for the new Mines Experimental building is practically finished. The mines building will probably cost about \$300,000.

## Three Governors on Program

La Crosse, June 8.—Three governors are among the speakers on the program of the second triennial session of the Luther League of North America which opened here today. The convention is the largest ever held in La Crosse.

Governor J. A. O. Prens, of Minnesota; R. A. Nestos, North Dakota, and J. J. Blaine, Wisconsin, are on the list of speakers. The convention will last four days.

About 150,000 Lutherans are expected to attend.

## Department of Labor Is Recruiting Farm Hands for Wheat Crop

(By United Press)  
Washington, June 7.—The labor department has started recruiting of farm hands in all sections of the country for the emergency situation in the wheat belt, it was announced today by Secretary Davis. Emergency employment offices have been opened for the purpose of distributing the men. The cutting of wheat already has started in Texas and will move steadily northward for the remainder of the summer.

Large numbers of men are needed for the harvesting work. Wages range from \$3.00 to \$4.00 a day with board.

## To the Voters in Crow Wing County—

I am a candidate for Representative from Crow Wing County and if elected will support every measure that will help to reduce the present high taxes. I am in favor of a four year term for all State Officers, a State Income Tax, a higher tax on inheritance for the benefit of our school fund, State Rural Credit, a gasoline tax in place of the present unjust auto tax, settlement of our cut-over lands by veterans of the World War, repeal of the pre-primary convention bill and abolishment of the present Grand Jury System. I am opposed to a State Police System as this will cost our tax payers at least \$1,000,000 a year.

I was born on a farm in Freeborn County, Minnesota, in 1882 and am a graduate of Ellsworth College, Iowa Falls, Iowa. I have had several years experience in the banking, accounting, real estate and insurance business. Am a veteran of the World War and my platform is more EFFICIENCY, ECONOMY, LOWER TAXES AND A SQUARE DEAL TO THE FARMER, LABORER AND THE BUSINESSMAN.

In giving me your vote I am sure you never shall have any cause to regret it.

Respectfully yours,  
J. O. OSTBY.

## LILLIAN RUSSELL WILL BE BURIED TODAY

(By United Press)

Pittsburgh, June 8.—Friends gazed for the last time today on the features of Lillian Russell, still beautiful in death.

The famous actress, who died early Tuesday, was to be buried this afternoon, at the beautiful Point Breeze home where as the wife of Alexander P. Moore, Pittsburgh publisher, Lillian Russell spent most of the last ten years.

Hundreds of floral tributes from all parts of the world surround her. One great wreath was from President and Mrs. Harding.

## Thousands Attend Funeral

Pittsburgh, June 8.—Thousands of spectators lined the route of Lillian Russell's funeral here this afternoon, paying their last tribute at the catafalque of fair Lillian.

The procession was led by a detachment of United States marines, of which she was a "noncom" on recruiting duty during the war. Stalwart marines accompanied as pall bearers. She was laid in Allegheny cemetery as a firing squad of Legion veterans fired three volleys. The casket bore a solitary wreath, the gift of President and Mrs. Harding. Floral tributes from notables throughout the country filled the home.

Mrs. L. A. Gemmell, E. L. Dahl and Mrs. A. H. Anderson Committee Health and Sanitation

President George D. LaBar of the board of education named his committees for 1922 at the last board meeting. They are:

Text book, course of study and library: S. A. Stanley, M. E. Morrison and Mrs. A. H. Anderson.

School buildings and janitors: L. F. Hohman, F. M. Hagberg and S. A. Stanley.

Fuel, supplies and printing: Fred Drexler, E. L. Dahl and K. S. Bredenberg.

Teachers: M. E. Morrison, L. F. Hohman and Mrs. L. A. Gemmell.

Finance, insurance and claims: F. M. Hagberg, K. S. Bredenberg and Fred Drexler.

Health and sanitation: Mrs. L. A. Gemmell, E. L. Dahl and Mrs. A. H. Anderson.

Vice President E. L. Dahl presided. A committee representing the Parent-Teachers Association of the Harrison school asked for repairs at the building. The resignation of Miss Barbara Armstrong, grade teacher of the Lincoln school, was accepted.

The Alliance Missionary Enterprise wished the use of a school room and the request was laid on the table to be taken up at the next regular meeting.

Supt. Cobb submitted his monthly report on the book room and it was placed on file. The building committee was authorized to have renovated up to 1000 desks and seats, from whichever building needing it most, presumably the Lowell and Harrison schools.

The fuel committee was authorized to advertise for bids on 250 to 300 tons of screened Yough, coal delivered to school buildings in 30 days.

Theodore Nydohi, of Gustavus Adolphus college was elected as a science teacher.

The treasurer submitted his quarterly report for the period ending April 30 which was submitted to the finance committee.

Game Called at 5 P. M. Sharp Friday, June 9th, at the Koering Grounds

(By Rev. J. E. Cadwell, Pastor Peoples Congregational Church)

When the Wadena baseball team leaves for home Friday evening after the game they will carry a good word and a warm heart for Brainerd, and they will not depend upon whether they won or lost the game, but will depend upon the loyalty of the home folks to their team. If they work and give a good exhibition of baseball to a good interested crowd of folk they will feel well repaid for their trip win or lose besides have a respect for the loyalty of the citizens who not only support financially but above all other support give their individual interest to the effort for clean interesting recreation.

If they should journey up here at their own expense and play to an empty stand (which they will not do) they would go back home with a grudge against the city and this shall not be for you can make arrangements to be there. Both teams are playing this game for a mighty fine cause and they should be encouraged in the effort they are putting forth. The local boys desire to help in the building program of the Peoples Congregational church and have kindly consented to give the proceeds of the game for this purpose, while the Wadena team, not to be out done, are paying their expenses. This kindly interest in our young people should not be ignored but encouraged and supported by every home loving citizen.

Game called at 5 o'clock sharp at the Koering grounds Friday, June 9.

## NOTICE

Any person selling milk within the City of Brainerd is hereby notified to call at the office of the City Clerk and sign an application for a Milk License, if they have not already done so. As provided in Section 3 Ordinance No. 303.

## \$6,000 INVESTED IN PHONE LINE

St. Colombo Line Made a Regular Northwestern Line With Standard Equipment and Poles

**PRIVATE LINE FOR DOCTORS**

600 New Poles and Ten Pin Cross Arms are Used, Line Taps Gull Lake's Shores, Etc.

A regular Northwestern telephone line is being made of the St. Colombo telephone company holdings. It will carry five metallic circuits, reaching all points on Gull lake.

Dr. J. A. Thabes, Dr. R. A. Beise and Dr. Joseph Nicholson will have an independent line to their cottages, and separate switch board at the Brainerd office.

Six hundred new poles and ten pin cross arms have been put up. B. L. Lagerquist, Henry White and Carl Adams will have a line to their places on Gull lake.

The St. Colombo line represents an investment between \$5,000 and \$6,000 and will be completed about June 10.

## BUSH WINS 7TH STRAIGHT VICTORY

Chicago, June 7—New York made an uphill fight after losing the lead to Chicago, launched an attack on Schupp and McCabe, and won the second straight game of the series, 9 to 7. Bob Falk of the White Sox cracked out his seventh homer of the season, while Mulligan got four hits, including two doubles in four times up. Falk objected to a strike called on him in the ninth inning and was ordered out of the game by Umpire Wilson.

Score: r h e  
New York 300 000 420—9 11 1  
Chicago 020 201 011—7 13 1

AMUSEMENTS

World's Greatest Horse-woman

Miss Helen Gibson, who will appear in person at the New Park theatre, was born way back in Cleveland, Ohio, and attended the public schools there.

Her father was a railroad engineer which no doubt accounts for Miss Gibson's knowledge of things pertaining to the railroad and for her utter fearlessness in the making of railroad scenes. Before she was twelve years old her father was at a loss to know how to keep his daughter from taking unusual risks as even at that age she was running her father's locomotive and continually climbing about the equipment. By this time her father became thoroughly convinced that his daughter possessed as much common sense as courage.

Old Time Dances Back: Toddle and Trot May Go

Are the old time dances coming back and the modern steps going out?

Is the toddle to be replaced by the 1860 polka and the fox trot to give way to the old lancers?

Norma Talmadge

Even the motion pictures are doing their part to bring about a revival of the stately steps of old, as witness Norma Talmadge's latest First National attraction, "Smilin' Through," which is showing at the New Park, last time tonight.

Tom Mix's Latest Has "Some" Speed

Tom Mix speeds along at about sixty miles an hour in the latest William Fox picture, "Chasing the Moon," which was shown at the Lyceum theatre yesterday for the first time, and will be repeated tonight. He begins as a bored millionaire, gets into a wild time with his friends, the cowboys, speeds away on horseback, in a motor car, on motorcycle, and then by swimming and a motorboat pursuit, climbs aboard a steamship bound for Russia, fights bandits, rescues a princess and turns the bandits dizzy with his speed. And all this because he is trying to reach a doctor who has the antidote for a poison he believes is in his system. His sweetheart follows him, catches up with him in Spain, and prevents him taking the antidote—which would have killed him because he never had been poisoned.

Constance Talmadge in "Scandal" at Lyceum

As the headstrong, wilful daughter of a wealthy New York family, Constance Talmadge scores an unqualified success in "Scandal," which is a gripping screen version of Cosmo Ham-

ilton's novel. The picture which will be shown at the Lyceum theatre Friday only, is filled with tense moments and reveals the star as an actress of unusual charm and ability.

Don't Neglect Kidney Troubles!

Dropsy, Diabetes and Apoplexy Most Dreaded Diseases

Neglect of any derangements of the kidneys is dangerous in the extreme. Kidney trouble is Nature's warning against the approach of Bright's disease, diabetes, dropsy and apoplexy—all diseases that are eventually fatal in their effects. Read what Mr. A. Fillinger, R. F. D. No. 2, Wheeler, Ill., says:

"I was a great sufferer from kidney and liver derangements for several years. The pains in the back were almost more than I could endure, and the whole digestive system was upset. Though many medicines were tried, I never obtained permanent relief until I used Dr. A. W. Chase's K-L Pills. It is a pleasure to recommend so excellent a medicine."

You can buy Dr. A. W. Chase's remedies at all drug stores. To be sure of getting the genuine, see that portrait and signature of A. W. Chase, M.D., are on every box. This trade mark is your protection against substitutes and imitations. —Advertisement.
